

## Gardening Workshops

**Nancy McDonald:** The Daylily Expedition: Making sense of 50,000 Choices.

*Some kind of Daylily will fit into almost every garden, but with more than 50,000 choices (and 1,500 added every year), how do you know which to buy? In this workshop we'll discuss the history of this fascinating perennial, the general categories, what to look for in your dream Daylily, and where to find it.*

**Neil Moran:**

*Look who's coming to Grand Marais! Mr. Neil Moran, of Sault Ste. Marie, is a horticulture instructor and author of North Country Gardening: Simple Secrets to successful Northern Gardening.*

*He will relate what he knows about growing flowers and vegetables in cold climates. Learn about new varieties of both flowers and vegetables, as well as some tried and true varieties. In addition, he'll give away a few season extending secrets for gardening here in the chilly North. Neil is also president of the Northern Plant and Seed Co-op and will share his thoughts on growing native wildflowers in the garden and landscape*

Come tour Grand Marais' awe-inspiring public, flower & Vegetable Gardens.

Visit the tent on the Green Space to pick up Ticket and Map of Tour.

Purchase plants donated by local gardeners.

Bid on innovative and unique items during our Silent Auction.

Enjoy A Tea Party, Music and Art on the Green.

Participate in garden related workshops and drawing for door-prizes.
